

metaCCAZE Open Call for Observer Cities Press release

The metaCCAZE project, co-funded by the European Union, aims to revolutionise mobility in European cities, serving both passengers and freight, with innovative electric, automated, and connected solutions designed to make transport smarter, net zero, and more efficient for all.

In the vibrant streets of four trailblazer cities – Amsterdam, Munich, Limassol, and Tampere – metaCCAZE tests and demonstrates cutting-edge technologies that support shared zero emission mobility solutions for people and goods, contributing to climate neutrality. Successful technologies and activities will be shared and implemented to six follower cities – Athens, Krakow, Gozo, Milan, Miskolc, and Poissy, Paris Region.

The metaCCAZE project has recently launched an open call for observer cities. At this stage, we are looking for 10 other European cities that are ready to lead the change towards smarter and sustainable transport. metaCCAZE is here to help observer cities achieve their climate-neutral goals with cutting-edge solutions in electric, automated, and connected mobility.

By joining metaCCAZE as an observer city, cities will:

- **Gain First-Hand Access:** Attend exclusive workshops, live demonstrations, and study visits. Explore innovations like AI-powered traffic management, autonomous vehicles, and smart logistics hubs.
- **Develop Tailored Implementation Plans:** Work with experts to craft tailored strategies, ensuring your city can deploy these cutting-edge solutions effectively.

- Collaborate & Learn: Engage with Trailblazer and Follower Cities, learning from real-world case studies and sharing insights to enhance your local mobility networks.
- Lead the Change: Position your city as a frontrunner in sustainable transport, amplifying impact and attracting future investments.

Selected cities will receive funding to take part in project workshops to build capacity and support them develop a local implementation plan.

Ready to transform urban mobility?

Don't miss the chance to become a metaCCAZE Observer City! Find more information [here](#) and apply by 31st January 2025 to shape the future of sustainable urban transport! For more details, please read the [Terms of References](#) and contact: Martina Ferrara Snider (m.ferrara@mail.ertico.com).

More about metaCCAZE

metaCCAZE is a Horizon Europe project supported by the European Commission under grant agreement No 101139678. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union. Neither the European Union nor the granting authority can be held responsible for them. metaCCAZE is a project under the CIVITAS Initiative, an EU-funded programme working to make sustainable and smart mobility a reality for all, and contributes to the goals of the EU Mission Climate-Neutral and Smart Cities
